FOR IMMEDIATE RELEASE

Da-Lite's New Universal Projector Mount Design Offers Easy Installation and Adjustment

WARSAW, IN – June 6, 2011 –Da-Lite Screen Company is pleased to announce the introduction of the UPM-2 Universal Projector Mount. The UPM-2 is the newest addition to Da-Lite's Advance line of projector mount and flat panel mount products and features unparalleled features for ease of installation, adjustment, security and access for projector maintenance.

The new UPM-2 is an inverted universal projector mount that is constructed of strong yet lightweight aluminum. It is designed to be flush mounted to a ceiling or hung from a ceiling utilizing 1 1/2" NPT threaded pipe. The UPM-2 includes an integrated lock with two keys and tamper resistant fasteners. This mount features +/- 15 degrees of roll adjustment, +/- 6 degrees of pitch adjustment and 360 degrees of swivel. Pitch and roll adjustments are accomplished without the use of any tools via its innovative release levers. Each leg on the UPM-2 features thumb wheels for fine adjustment. It has a simple quick disconnect feature for projector maintenance. The UPM-2 is available in black or white powder coated finishes.
